

Make a pre-sale to the

PARENTS

to gauge more precisely how many items you will need to order

It is inadvisable to order too much at the beginning: you may not sell everything, and re-orders (same price as the initial order) offer you greater flexibility.

PHOTOCOPY

this sheet and send it to the parents

Change if necessary, for example: for 10 purchased items the 11th is free, aso.

Use your imagination, the presentation of the project can multiply its success!

There are schools that put articles on a clothesline... or other nice ideas!

Aprons!

Dear parents,
The children have made drawings which will be printed on

APRONS!

The drawing of your child surrounded with those of his/her companions is a beautiful souvenir, an original present for the family and an ideal way to finance other school activities. How much should we order ? Help us to order exactly!

This fundraising will help finance other school activities.
